

RBT

Registered Behavior Technician

Support meaningful progress, one session at a time.

Sunshine Therapies seeks compassionate Registered Behavior Technicians to support children and families through individualized Applied Behavior Analysis (ABA) services. Work with a supervising behavior analyst to build practical skills and support positive change.

What you will do

- Provide direct client care in individual and group settings as assigned.
- Implement skill-acquisition and behavior-support plans developed by the supervising behavior analyst.
- Collect accurate session data and document client progress.
- Communicate observations and questions to the supervisor and care team.
- Prepare session materials and assist with assessments within the RBT role.
- Follow safety procedures, respect client dignity, and protect confidentiality.

What you will bring

- Be at least 18 years old and hold a high school diploma or equivalent.
- Hold an active RBT certification and maintain required ongoing supervision.
- Complete required background checks and employer onboarding.
- Demonstrate dependable attendance, clear communication, and a collaborative approach.

Provide services under close, ongoing supervision. Treatment decisions and plan changes remain with the supervising behavior analyst.

Ready for your next step?
